9. Electronic copy of the Annual Report for the year 2023-24 and the Notice of the 29th AGM are being sent to all the members whose E-mail IDs are registered with the Company/Depository Participant(s) for communication purposes. Members may note that pursuant to the aforesaid Circulars and SEBI Circular dated 12.05.2020 there is no provision for providing printed copies of the Annual Reports.
10. Annual Report and the Notice of the AGM are available on the Company's website: www.indowind.com. The AGM Notice is also disseminated on the website of CDSL (the agency for providing the Remote e-Voting facility and e-voting during the AGM) i.e. www.evotingindia.com.

FACILITY FOR REMOTE E-VOTING AND VOTING DURING THE MEETING:

11. Pursuant to Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Section 108 of the Companies Act 2013, and the relevant Rules, the Company has entered into an arrangement with Central Depository Services (India) Limited (CDSL) to facilitate the Members to exercise their right to vote at the Annual General Meeting through remote e-voting. The detailed process for participating in the said e-voting is furnished in heading "Guidance To Shareholders For Remote E-Voting".
12. A person who has participated in the remote e-voting is not debarred from participating in the meeting though he/she shall not be able to vote at the meeting again and his/her earlier vote cast electronically shall be treated as final. However, as per Rule 20 of the Companies (Management & Administration) Rules, 2014, facility for voting shall also be made available at the meeting and Members who have not cast their vote by remote e-voting shall be able to exercise their right to vote at the meeting which would also be through electronic means.
13. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their Demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and the holdings should be verified.
14. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to submit their PAN details to the RTA by e-mail to shwet@siddhantpaper.com.
15. SEBI vide Circular dated 20-04-2018 mandated the Company to collect copy of PAN and Bank account details from Members holding shares in physical form. Accordingly individual letters were sent to those shareholders whose PAN and Bank account details were not available with the Company followed by two reminders. In spite of this, many shareholders have not come forward to provide the information. Such shareholders are requested to provide the information at the earliest to the Company/ RTA. As per the Circular the shareholders who have not furnished the information have been placed under "enhanced watch" and so their requests will be processed subject to enhanced due diligence.
16. Pursuant to proviso to Regulation 40 (1) of the Listing Regulations, effective from 1st April 2019 transfer of securities other than transmission or transposition of names are not to be processed by the Company in physical form. So, shareholders desirous of transferring their shares are requested to dematerialize their shares.
17. The documents and information to be made available for inspection by the Members during the AGM will be provided electronically through the e-voting facility of CDSL.

ANNEXURE I

AUDITOR'S QUALIFICATION ON STANDALONE AND CONSOLIDATED FINANCIAL STATEMENTS	MANAGEMENT REPLY
<p>(a) We refer to Note 8.7 of the accompanying statement where in the Company has trade receivable to the tune of ₹ 843.89 lakhs where the company has not provided loss allowance for expected credit losses with respect to the Interest recoverable from TNEB Tirunelveli and BESCOM to the tune of ₹ 248.13 lakhs. The financial asset is credit impaired and accordingly the loss allowance for expected credit losses is to be recognized. Accordingly, had the recognition of loss allowance for expected credit losses been made in line with the provisions of Ind AS 109 'Financial instruments' in the financial results, the profit before exceptional items and tax for the year ended March 31, 2024 would have been lower by ₹ 248.13 lakhs.</p>	<p>The company had provided interest receipts from TANGEDCO at the rate of 12% as per the power purchase agreement. However, TANGEDCO offered 6% simple interest which the company agreed to avail on the condition that in case interest rate at a higher rate paid at a later date by TANGEDCO to any claimant, Indowind would become entitled to claim differential interest. In the case of BESCOM also the company is hopeful of collecting the interest dues in the due course.</p>
<p>(b) We refer to Note 8.5 of the accompanying statement wherein the Company has paid and not recorded for the expenses of operations and maintenance to the tune of Rs. 739.00 lakhs to Suzlon Global Services Limited (SGSL) towards restoration and repairs and maintenance for breakdown of the wind turbines, based on which the relevant repairs have been already carried out and the machines are in running condition and the nature of payments made is clearly evident from the Memorandum of Settlement Agreement entered by the Company on January 21, 2022 with Suzlon Energy Limited and Suzlon Global Services Limited. Further, the Company has not recognized the provision to the tune of Rs. 547.02 lakhs payable to SGSL towards operations and maintenance charges pertaining to Sep 2021 to March 2022 & Oct 2022 to March 2024 period, where the company has present obligation and it is probable that an outflow of resources will be required to settle the obligation which is not in accordance with the provisions of Ind AS 37 as the company and Suzlon have settled the on-going dispute in generation shortfall for the 15-MW project funded by EXIM bank & IREDA. Accordingly, had the recognition of above said expenses, the profit before exceptional items and tax for the year ended March 31, 2024 would have been lower by = 268.19 lakhs.</p> <p>Further, Suzlon has committed to honor the shortfall in generation to the extent of Rs 3600 lakhs by adjusting against supply of a technically & financially viable</p>	<p>In continuation to the MOU dated 21st January 2022, the company envisaged that the 12.6 MW expansion project as agreed by Suzlon Energy Limited would commence immediately to generate additional income to make up for the part of generation loss suffered by the company. Since there is a delay in the same, the Company has initiated arbitration proceedings to claim loss of income for making adjustments against O&M Charges. The income lost will be more than the O&M dues and appropriate adjustments will be made post arbitration.</p>

<p>project of 12.6 MW and the company will make O & M dues. Since the full settlement implementation action is not yet over/ in progress, pending bank settlement, the company has not provided for loss allowance for expected credit losses for the said amount. Hence, we are unable to comment on the impact of the same on the profit for the year ended March 31, 2024.</p>	
<p>(c) We refer to Note 8.5 to the accompanying Statement, the Company's other non-current assets include balance amounting to ₹ 102 lakhs excluding interest as per Ombudsman order recoverable from Bank of Baroda in respect of the bank guarantee issued by Dena bank (merged with Bank of Baroda) for advance payment by the company to M/s. Cicon Environment Technology Ltd. The Company has filed a suit bearing no.5 of 2007 and the matter is pending before Honorable High Court of Bombay, which was adjourned to place the matter for final arguments on 28th of June 2023. In view of the uncertainty associated with the outcome of the case, the recognition of the claim as an asset is not in accordance of the provisions of Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' and Ind AS 109 'Financial Instruments' and in the absence of such confirmation from the bank or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments if any, that may be required to the carrying value of the aforementioned balance in the accompanying statement.</p>	<p>Consequent to the failure of Dena Bank (merged with Bank of Baroda), Bhopal to honour the Bank Guarantee (BG) for Rs. 100 Lakhs due on 20th June 2004 together with interest as per RBI Ombudsman Order dated 14th January 2005. Even after completion of investigation as initiated by the Bank, the Bank did not honour its commitments. Hence, the company had filed a petition against the bank before the Hon'ble High Court of Bombay for enforcing the BG with interest till the date of payment. Since the recoverable amount is much higher than the BG amount and since the case is under progress the company has preferred to retain the BG amount in the Non-Current asset as it is and consider the interest amount accrued until 31st March 2024 under the Contingent Asset. The appropriate accounting adjustments will be carried out based on the outcome of the case.</p>
<p>(d) The company is the defendants in a legal case filed vide C.P.No.172 of 2011 by the Trustees of the Foreign Currency Bond Holders (FCCB) for winding up of the Company before the Honourable High court of Madras. It is pertinent to note that the Honourable High Court of Madras has passed an order dated 20.05.2020 admitting the winding up petition and also the Company is restrained from transferring, alienating encumbering or dealing with its immovable assets. The Company has filed an appeal with the Division Bench of the Honourable High Court of Madras with the Prayer for order of Interim Stay of all further proceedings in pursuance to the Judgment passed on 20.05.2020. MANAGEMENT DISCUSSION AND ANALYSIS**

i. INDUSTRY STRUCTURE AND DEVELOPMENTS:

During the current year, the machine availability has improved to 90% in Tamil Nadu and 89.61% in Karnataka. Grid availability is a hurdle in evacuation. Automation Programme implemented by the company is working smoothly providing MIS for operational and executive decision making.

PLF (%) – INDIA

Currently the typical PLF numbers for RE projects are 20%-25% for solar, 30%-38% for wind and 40-45% for solar-wind hybrid projects; such projects are being successfully implemented and are performing well.

PLF (%) - INDOWIND

Tamil Nādu	11.55	12.23	12.83
Karnataka	10.75	16.84	16.74

ii. Opportunities and Threats:

Large Platform Turbines:

The wind industry is seeing a strong movement towards larger turbines with foreign manufacturers now offering up to 10 MW to 15 MW platforms and Indian manufacturers up to 4MW to 5 MW. India's first offshore turbines will be set up at Arichalmunai near Dhanush Kodi by MNRE in Tamil Nadu. The cost of installing offshore wind turbines, substations, and transmission lines per MW is Rs 25 crore compared to Rs 6 crores for onshore wind turbines.

INDIAN POWER SECTOR:

- Power is one of the most important infrastructure elements, essential to national wellbeing and economic development. For the Indian economy to grow steadily, enough electrical infrastructure must exist and be developed.
- India's power generation sources range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional sources such as wind, solar, and agricultural and domestic waste. Indian power sector is undergoing a significant change that has redefined the industry outlook. Sustained economic growth continues to drive electricity demand in India. The Government of India's focus on attaining 'Power for all' has accelerated capacity addition in the country. Although power generation has grown more than 100-fold since independence, growth in demand has been even higher due to accelerating economic activity.
- India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 429.96 GW as of January 31, 2024. As of January 31, 2024, India's installed renewable energy capacity (including hydro) stood at 182.05 GW, representing 42.3% of the overall installed power capacity.

- As of January 31, 2024, Solar energy contributed 74.31 GW, followed by 44.97 GW from wind power, 10.26 GW from biomass, 4.99 GW from small hydropower, 0.58 from waste to energy, and 46.93 GW from hydropower.

ROAD AHEAD:

- In the current decade (2020-29), the Indian electricity sector is likely to witness a major transformation with respect to demand growth, energy mix and market operations. India wants to ensure that everyone has reliable access to sufficient electricity at all times, while also accelerating the clean energy transition by lowering its reliance on polluting fossil fuels and moving toward more environmentally friendly, renewable sources of energy. Future investments will benefit from strong demand fundamentals, policy support and increasing government focus on infrastructure.
- The Government of India has parred a 'rent a roof' policy for supporting its target of generating 40 GW of power through solar rooftop projects by 2022. It also plans to set up 21 new nuclear power reactors with a total installed capacity of 15,700 MW by 2031.
- The Company being a wind energy-based renewable power generation and selling company focused on owning, operating and maintaining windmills. We have been involved in the renewable energy industry concentrating on wind energy for over twenty-eight years. Our windmills are located in the states of Tamil Nadu and Karnataka, which are one of the highest wind potential Indian states.
- We commenced our journey in the year 1995 with setting up of our first windmill in the state of Tamil Nadu having a capacity of 225 KW. We have grown our business by acquiring and operating brownfield windmills from third parties and also by developing greenfield projects.
- Our total capacity of wind energy-based renewable power generation is of 49.645 MW with 123 windmills spread across the States of Tamil Nadu and Karnataka. Out of the total capacity of 49.645 MW, a windmill constituting a capacity of 29.55 MW is located in the State of Tamil Nadu and 20.095 MW is located in State of Karnataka.
- The powers generated from our windmills are sold under the group captive scheme and under third party sales to corporates and to State Electricity Board BESCO pursuant to Power Purchase Agreements ("PPAs").

Our Strategies:

We have enhanced our position by pursuing and executing the following strategies;

- We have acquired 100% of the equity share capital of Ind Eco Ventures Limited ("Ind Eco") which is an unlisted public company engaged in the business of generation of electricity and has wind-mills operating in Tamil Nadu, under the Group captive and third party sales scheme during the fiscal year 2023-24 and thereby increased the capacity of the wind Mills by 3.675MW Wind Mills in Tamil Nadu; -
- We intend to install new brown field projects with a minimum of 5 to 6 years payback and also acquire operating assets with 3 to 5 years payback;
- We intend to reduce our debt portfolio to improve our financial efficiency;
- Improving cost efficiency to improve competitive positioning;
- Improve profitability by enhancing operational efficiency;

- Maintain our on-going association with customers and continue to be the preferred suppliers for them;
- Attract and retain talented employee.

Policy:

The role of government policy in the growth of wind energy has been vital. Recently TANGEDCO has issued an order to phase out WEGs that are older than 20 years or sell the power generated only to TANGEDCO at a tariff determined by TNERC. This order if implemented will affect nearly 60% of the installed capacity of windmills in TN.

TANGEDCO has also proposed to stop the carryover of Banked units beyond one month which will affect the revenues of the IPPs due to the seasonal nature of the wind power generation. Both these intentions are being challenged by IWPA to protect the interest of IPPs.

Transmission: One of the greatest limiters on the expansion of wind and renewable energy expansion is the availability of transmission and power delivery systems. It's an ongoing need for utilities to continually build capacity to keep up with the volume of renewable energy projects coming online in remote locations.

Energy Storage: The nation's energy infrastructure will continue to undergo a significant transformation over the next five years due in large measure to the emergence of larger, less costly and more efficient battery energy storage. Battery storage is a disruptive technology that is helping transform how electrical power is generated, distributed, and consumed. With regulatory and permitting changes underway, battery storage will benefit the electrical grid by supporting dynamic generation and demand, which in turn supports increased levels of wind and solar power evacuation.

Utilize the renewable sources in best way – Because the batteries are connected to the system to store the energy, there is no waste of the excess energy generated on bright Sunny or Windy days. So, these systems make use of the renewable energy in best way, storing energy on a good day and utilize the stored power on a bad day. The balance is maintained.

iii. Segment-wise or product-wise performance

Power Sale

The Company offers 'Green Power®' to its customers, which are mainly Corporates and State utilities to ensure higher revenue realization.

The company has sold the power generated & evacuated to the grid to its captive, Group captive clients as per the contractual terms to maintain the revenues in TN, in spite of competitive pressure on pricing from other IPPs and an increase in charges by TANGEDCO.

In Karnataka, power generated in sold to BESCO and third parties.

iv. Outlook

1. We had planned to add new capacities by raising funds through Equity and Debt based instruments by adding 25 MW Wind and 25 MW Solar projects as indicated during the previous year
2. We had already raised funds through rights issue in the current year for setting up 5MW Solar Project.
3. The process of setting up of balance additional capacities is under process.

v. Risks and concerns

1. WEGs installed more than 25 years ago, may get affected if TANGEDCO stops machines installed above 20 years, as per their recent circular which is being disputed by all the WEG associations.
2. Reverse auction route in the wind sector, lack of financial incentives and difficulties in finding land at windy sites and power evacuation infrastructure for the projects exists as a bottleneck. Acquiring large area of land is a slow process as small land holdings and poor land records lead to delays and disputes. In addition, IPPs also need to ensure that the project location is close to a transmission substation with sufficient capacity to avoid Curtailment of their project output.
3. The main hurdle in this sector is ageing and low-capacity turbines which occupy the best wind sites. The wind turbines installed in the early '90s were mostly of capacities less than 1 MW. Refraining from replacing old windmills, Tamil Nadu should plan Investor attractive policy to repower older WEGs with new higher capacity wind turbine models that use modern technology. Along with suitable policy support and guidelines for the safe disposal and recycling of decommissioned machines, which would help the state to add much more wind power capacity to the energy mix.

Independent Auditor's Report

To the members of **Indowind Energy Limited**

Report on the Audit of Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of **Indowind Energy Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the Basis for Qualified Opinion section and emphasis of matter paragraph of our report*, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. We refer to Note 8.7 of the accompanying statement where in the Company has trade receivables to the tune of ₹ 843.89 lakhs where the company has not provided loss allowance for expected credit losses with respect to the Interest recoverable from TNEB Tirunelveli and BESCO to the tune of ₹ 248.13 lakhs. The financial asset is credit impaired and accordingly the loss allowance for expected credit losses is to be recognized. Accordingly, had the recognition of loss allowance for expected credit losses been made in line with the provisions of Ind AS 109 'Financial instruments' in the financial results, the profit before exceptional items and tax for the year ended March 31, 2024 would have been lower by ₹ 248.13 lakhs.
2. We refer to Note 8.5 of the accompanying statement wherein the Company has paid and not recorded for the expenses of operations and maintenance to the tune of Rs. 739.00 lakhs to Suzlon Global Services Limited (SGSL) towards restoration and repairs and maintenance for breakdown of the wind turbines, based on which the relevant repairs have been already carried out and the machines are in running condition and the nature of payments made is clearly evident from the Memorandum of Settlement Agreement entered by the Company on January 21, 2022 with Suzlon Energy Limited and Suzlon Global Services Limited. Further, the Company has not recognized the provision to the tune of Rs. 547.02 lakhs payable to SGSL towards operations and maintenance charges pertaining to Sep 2021 to March 2022 & Oct 2022 to March 2024 period, where the company has present obligation and it is probable that an outflow of resources will be required to settle the obligation which is not in

accordance with the provisions of Ind AS 37 as the company and Suzlon have settled the ongoing dispute in generation shortfall for the 15-MW project funded by EXIM bank & IREDA. Accordingly, had the recognition of above said expenses, the profit before exceptional items and tax for the year ended March 31, 2024 would have been lower by ₹ 268.19 lakhs.

Further, Suzlon has committed to honor the shortfall in generation to the extent of Rs 3,600 lakhs by adjusting against supply of a technically & financially viable project of 12.6 MW and the company will make O & M dues. Since the full settlement implementation action is not yet over/ in progress, pending bank settlement, the company has not provided for loss allowance for expected credit losses for the said amount.

Hence, we are unable to comment on the impact of the same on the profit for the year ended March 31, 2024.

3. We refer to Note 8.5 to the accompanying Statement, the Company's other non-current assets include balance amounting to ₹ 102 lakhs excluding interest as per Ombudsman order recoverable from Bank of Baroda in respect of the bank guarantee issued by Dena bank (merged with Bank of Baroda) for advance payment by the company to M/s. Cicon Environment Technology Ltd. The Company has filed a suit bearing no.5 of 2007 and the matter is pending before Honorable High Court of Bombay, which was adjourned to place the matter for final arguments on 28th of June 2023. In view of the uncertainty associated with the outcome of the case, the recognition of the claim as an asset is not in accordance of the provisions of Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' and Ind AS 109 'Financial Instruments' and in the absence of such confirmation from the bank or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments if any, that may be required to the carrying value of the aforementioned balance in the accompanying statement.
4. The company is the defendant in a legal case filed vide C.P.No.172 of 2011 by the Trustees of the Foreign Currency Bond Holders (FCCB) for winding up of the Company before the Honourable High court of Madras. It is pertinent to note that the Honourable High Court of Madras has passed an order dated 20.05.2020 admitting the winding up petition and also the Company is restrained from transferring, alienating encumbering or dealing with its immovable assets. The Company has filed an appeal with the Division Bench of the Honourable High Court of Madras with the Prayer for order of Interim Stay of all further proceedings in pursuance to the Judgment passed on 20.05.2020.

The above indicates that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. Pending resolution of the above uncertainty, the Company has prepared the aforesaid statement on going concern basis.

These are qualified by us in the Basis for qualification section of our report on standalone financial statements.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have

fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to:

Note 8.8 to the accompanying Statement, in the absence of confirmations from the concerned banks, we are unable to comment about the correctness of balances grouped under balance with banks to the extent of ₹ 3.79 lakhs.

Our opinion is not modified in respect of the above matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures thereto but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of accounts.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 *except for the effects of the matters stated in the basis for qualified opinion paragraph and emphasis of matter paragraph.*
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and according to information and explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The company has disclosed the impact of pending litigation on its financial position in "**Annexure C**".
 - ii. The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. No amounts were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

 - d) The Company has not declared or paid any dividend during the year. Hence, we don't comment on the compliance with section 123 of the Companies Act, 2013.

With respect to the other matters to be included in the Auditor's Report in accordance with **Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014**, as amended in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company has used an accounting software (Tally Prime Edit Log 2.1) for maintaining its books of accounts for the financial year ended March 31,2024 which has a feature of recording Audit Trail.
- (ii) The Audit Trail feature is Configurable and was enabled with effect from 03/04/2023 and thereon operated throughout the year.
- (iii) All the transactions recorded in the software are covered in the Audit Trail feature.
- (iv) Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Indowind Energy Limited** of even date)

In terms of the information and explanations sought by us and given by the Company and the books of accounts and records examined by us in the normal course of audit and to the best of our knowledge and belief, we report that:

- i. In respect of the Company's fixed assets:
 - (a) A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.

B) In respect of Intangible Assets, there were no intangible Assets hence reporting under this clause is not applicable.
 - (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) In our opinion and according to the information and explanations given to us and the records examined by us, the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee) disclosed in the standalone financial statements are held in the name of the company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - a) In our opinion and according to information provided to us, the inventory other than energy stock has been physically verified at reasonable intervals during the year by the management and no material discrepancies were noticed during the physical verification.
 - b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point during the year. Accordingly, reporting under this clause 3(ii)(b) of the order is not applicable.
- iii. (a) According to the information and explanations given to us and the records examined by us, the Company has advanced an amount for investment and provided security in nature of advances to companies during the year, in respect of which:

Aggregate amount provided/granted during the year	Amounts in nature of advances
- Related parties	43.76
- Others	-

Balance outstanding as at balance sheet date in respect of above cases	Amounts in nature of advances
- Related Parties	1,213.08
- Others	76.92

(b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of loans or advances in the nature of loans granted by the company to its related party and other party are prejudicial to the company's interest on account of the fact that the loans have been granted at NIL rate of interest per annum which is not at prevailing yield of government security closest to the tenor of the loan. The investments made are, prima facie, not prejudicial to the interest of the Company. The Company has not provided any guarantee or security, secured and unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

(c) According to information and explanation given to us, in respect of the loans or advances in the nature of loans, schedule of repayment of principal and payment of interest have not been stipulated. In the absence of stipulation of repayment terms, we are unable to comment on the regularity of repayment of principal or payment of interest.

(d) According to information and explanation given to us, as the loans or advances in the nature of loans granted without stipulation of the terms or period of repayment, we are unable to comment on the amount overdue and reasonable steps taken by the Company.

(e) According to information and explanation given to us, as the loans or advances in the nature of loans granted without stipulation of the terms or period of repayment, we are unable to comment on the reporting requirements of clause 3(iii)(e) of the Order.

(f) In our opinion and according to information and explanation given to us, the company has not granted the loans or advances in the nature of loans either repayable on demand or without specifying period of repayment. The aggregate of loans granted to Promoters, related parties as defined in clause (76) of section 2 of the Companies Act, 2013 is Rs. 1,213.08 lakhs.

iv. In our opinion and according to the information and explanations given to us, the Company has not granted any loans or provided any guarantees or given any security to which the provisions of section 185 of the Companies Act are applicable. In respect of investments made by the Company, the Company has complied with the provisions of section 186 of the Act as applicable.

- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2024 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus, reporting under clause 3 (vi) of the order is not applicable to the Company.
- vii.
- (a) In our opinion, and according to the information and explanations given to us and on basis of our examination of the records, the Company has been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, and other material statutory dues applicable to it with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no dues of Income Tax, Sales Tax, Service Tax, Duties of Customs, Duties of Excise, Value Added Tax which have not been deposited on account of any dispute, except the following:

Name of the Act	Nature of Dues	Amount	Period to which the case relates	Dispute is pending before
Income Tax Act, 1961	Income Tax	27.00 Lakhs	AY 1998-99	CIT (Appeals)
Income Tax Act, 1961	Income Tax	181.78 Lakhs	AY 2006-07	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	31.33 Lakhs	AY 2009-10	CIT (Appeals)
Income Tax Act, 1961	Income Tax	423.76 Lakhs	AY 2012-13	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	310.89 Lakhs	AY 2013-14	CIT (Appeals)
Income Tax Act, 1961	Income Tax	617.49 Lakhs	AY 2014-15	CIT (Appeals)

- viii. In our opinion and according to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, reporting under this clause 3 (viii) is not applicable.
- ix. (a) In our opinion and according to the information and explanations given to us, during the year the Company has not entered for settlement in repayment of Loans or other borrowings or in the payment of interest.

- (c) According to the information and explanations given to us, the Company has neither obtained term loans nor the term loans which were taken in the previous financial years have been actually utilised during the current year. Accordingly, reporting under this clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the standalone financial statements of the Company, no funds raised on short-term basis have, prima facie, been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (g) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates or joint ventures.
- x. (a) According to the information and explanations given to us, the Company has raised monies during the year by way of private placement (Rights Issue) and monies so raised were applied for the purposes for which those are raised.
- (b) According to the information and explanations given to us, the Company during the year has made preferential allotment or private placement by way of Rights Issue of shares complying with section 42 and section 62 of Companies Act, 2013 and the funds raised have been used for the purposes for which the funds are raised.

- xi. (a) To the best of our knowledge and according to the information and explanations given to us, No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year (and upto the date of this report).
- (c) According to the information and explanations given to us including the representations made to us by the management of the Company, there were no whistle blower complaints received by the Company during the year (and upto the date of this report).
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- xiv. (a) The Company has an internal audit system commensurate with the size and the nature of its business.
- (b) The reports of the internal auditors for the year under audit, wherever submitted, were considered by us, as part of our audit procedures.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Accordingly, reporting under clause 3 (xvi) (b) of the Order is not applicable.
- (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clause 3 (xvi) (c) of the Order is not applicable
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

- xvii. The company has not incurred any cash loss in the financial year and in the immediately preceding financial year, and hence reporting under the clause 3 (xvii) is not applicable.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. However, there is a change in auditors during the year due to mandatory requirement of retirement by rotation and hence reporting under this clause 3(xviii) is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention *except for the matters specified in basis for qualified opinion paragraph and emphasis of matter paragraph* which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According the information and explanations given to us, provisions of section 135 of Companies Act 2013 are not applicable to the Company, hence reporting under clause 3(xx)(a) & 3(xx)(b) of the Order is not applicable.
- xxi. The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Indowind Energy Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Indowind Energy Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements for the year ended March 31, 2024

Note 1: Corporate Information

The Company was incorporated on July 19, 1995 as a private limited company and was converted into a deemed public limited company effective September 30, 1997 and later in September 14, 2007 it listed its shares in BSE & NSE. The Registered office is situated at Kothari Buildings, 4th floor, Chennai, Tamil Nadu, India - 600 034. The Company is engaged in the business of generation and distribution of power through windmills.

Note 2: Basis of preparation of financial statements

A) Basis of preparation and presentation

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

B) Use of estimates

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

The estimates and assumptions used in these Ind AS financial statements are based on management's evaluation of the relevant facts and circumstances as of the date of the Ind AS financial statements. The actual amounts may differ from the estimates used in the preparation of the Ind AS financial statements and the difference between actual results and the estimates are recognised in the period in which the results are known/materialize.

C) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (up to two decimals).

D) Current and Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period,

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified 1 month as its operating cycle.

Note 3: Significant Accounting Policies

Inventories (Ind AS 2)

Inventories are carried at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs are determined on weighted average method. In respect of work in progress and finished goods, the applicable overheads are included in the valuation.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Notes to Financial Statements for the year ended March 31, 2024

Cash flow Statement (Ind AS 7)

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

Provision for Current Tax and Deferred Tax (Ind AS 12)

Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where-appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Notes to Financial Statements for the year ended March 31, 2024

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Property, Plant & Equipment (Ind AS 16)

Deemed cost option for first time adopter of Ind AS

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet at cost less accumulated depreciation. The Company has elected to consider the previous GAAP carrying amount of the Plant and Equipment as the deemed cost as at the date of transition, viz., 1 April 2016. However, in the case of Lands we have adopted Mark to Market Value.

Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Revenue expenses and revenue receipts incurred in connection with project implementation in so far as such expense relate to the period prior to the commencement of commercial production are treated as part of project cost and capitalised.

Component Cost

All material/ significant components have been identified for the plant and have been accounted separately. The useful life of such component is analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components is considered for calculation of depreciation.

Notes to Financial Statements for the year ended March 31, 2024

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a **Straight -line method**. The depreciable amount for assets is the cost of an asset or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold. Additions to fixed assets, costing Rs. 5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Type of Assets	Useful life of the asset
Vehicles	8 years
Office Equipment	5 years
Plant & Machinery	22 years
Buildings	60 years

Revenue Recognition (Ind AS 18)

Sale of Power

Sale of power is recognised at the point of generation of power from the plant and stock points. Wherever the company enters into power sharing agreement, income is recognised net of power share. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment.

Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Other Income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date. Income from sale of CER (Carbon Credits) is accounted for based on eligibility criteria.

Employee Benefits (Ind AS 19)

Short-term Employee Benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. *The entity is operating through Indowind Energy Gratuity Fund for all payments related to gratuity and the related trust accounts is yet to be maintained.*

Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund and superannuation fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Other long term employee benefits

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date. Liability for un-availed leave considered to be long-term is carried based on an actuarial valuation carried out at the end of each financial year.

Foreign Currency Transaction (Ind AS 21)

- a) Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.
- b) Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.
- c) Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Borrowing cost (Ind AS 23)

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

Earnings per Share (Ind AS 33)

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

Provisions, Contingent Liabilities and Contingent Assets (Ind AS 37)

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made if realisation of money is doubtful in the judgement of the management.

Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

Contingent Assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. Contingent assets are disclosed but not recognized in the financial statements.

Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimize the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

There are no carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period.

Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

Notes to Financial Statements for the year ended March 31, 2024

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25-basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

a) Trade Receivables

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and, based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank, guarantee/letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

b) Investments, Derivative Instruments, Cash and Cash Equivalents and Bank deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved Financial Institutions/Counterparty. Investments primarily include investment in units of quoted Mutual Funds, quoted Bonds, Non-Convertible Debentures issued by Government/Semi-Government Agencies/PSU Bonds/High Investment grade Corporates etc. These Counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in debt securities and mutual fund schemes of debt and arbitrage categories and restricts the exposure in equity markets.

Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the consortium agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Independent Auditor's Report

To the members of **Indowind Energy Limited**

Report on the Audit of Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of Indowind Energy Limited (hereinafter referred to as "the Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2024, and the consolidated statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the Basis for Qualified Opinion section and emphasis of matter paragraph of our report*, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- 1) We refer to Note 8.8 of the accompanying statement where in the Holding Company has trade receivables to the tune of ₹ 843.89 lakhs where the holding company has not provided loss allowance for expected credit losses with respect to the Interest recoverable from TNEB Tirunelveli and BESCOM to the tune of ₹ 248.13 lakhs. The financial asset is credit impaired and accordingly the loss allowance for expected credit losses is to be recognized. Accordingly, had the recognition of loss allowance for expected credit losses been made in line with the provisions of Ind AS 109 'Financial instruments' in the financial results, the profit before exceptional items and tax for the year ended March 31, 2024 would have been lower by lakhs.

- 2) We refer to Note 8.6 of the accompanying statement wherein the Holding Company has paid and not recorded for the expenses of operations and maintenance to the tune of Rs. 739.00 lakhs to Suzlon Global Services Limited (SGSL) towards restoration and repairs and maintenance for breakdown of the wind turbines, based on which the relevant repairs have been already carried out and the machines are in running condition and the nature of payments made is clearly evident from the Memorandum of Settlement Agreement entered by the Holding Company on January 21, 2022 with Suzlon Energy Limited and Suzlon Global Services Limited. Further, the Holding Company has not recognized the provision to the tune of Rs. 547.02 lakhs payable to SGSL towards operations and maintenance charges pertaining to Sep 2021 to March 2022 & Oct 2022 to March 2024 period, where the holding company has present obligation and it is probable that an outflow of resources will be required to settle the obligation which is not in accordance with the provisions of Ind AS 37 as the holding company and Suzlon have settled the ongoing dispute in generation shortfall for the 15-MW project funded by EXIM bank & IREDA. Accordingly, had the recognition of above said expenses, the profit before exceptional items and tax for the period ended March 31, 2024 would have been lower by ₹ 268.19 lakhs.

Further, Suzlon has committed to honor the shortfall in generation to the extent of Rs 3,600.00 lakhs by adjusting against supply of a technically & financially viable project of 12.6 MW and the holding company will make O & M dues. Since the full settlement implementation action is not yet over/ in progress, pending bank settlement, the holding company has not provided for loss allowance for expected credit losses for the said amount. Hence, we are unable to comment on the impact of the same on the profit for the period ended March 31, 2024.

- 3) We refer to Note 8.6 to the accompanying Statement, the Holding Company's other non-current assets include balance amounting to ₹ 102 lakhs excluding interest as per Ombudsman order recoverable from Bank of Baroda in respect of the bank guarantee issued by Dena bank (merged with Bank of Baroda) for advance payment by the company to M/s. Cicon Environment Technology Ltd. The Holding Company has filed a suit bearing no.5 of 2007 and the matter is pending before Honorable High Court of Bombay, which was adjourned to place the matter for final arguments on 28th of June 2023. In view of the uncertainty associated with the outcome of the case, the recognition of the claim as an asset is not in accordance of the provisions of Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' and Ind AS 109 'Financial Instruments' and in the absence of such confirmation from the bank or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments if any, that may be required to the carrying value of the aforementioned balance in the accompanying statement.

- 4) The Holding company is the defendant in a legal case filed vide C.P.No.172 of 2011 by the Trustees of the Foreign Currency Bond Holders (FCCB) for winding up of the Holding Company before the Honorable High court of Madras. It is pertinent to note that the Honorable High Court of Madras has passed an order dated 20.05.2020 admitting the winding up petition and also the Holding Company is restrained from transferring, alienating encumbering or dealing with its immovable assets. The Holding Company has filed an appeal with the Division Bench of the Honorable High Court of Madras with the Prayer for order of Interim Stay of all further proceedings in pursuance to the Judgment passed on 20.05.2020.

The above indicates that a material uncertainty exists that may cast significant doubt on the Holding Company's ability to continue as a going concern. Pending resolution of the above uncertainty, the Holding Company has prepared the aforesaid statement on going concern basis.

These are qualified by us in the Basis for qualification section of our report on consolidated financial statements.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to:

Note 8.9 to the accompanying Statement, in the absence of confirmations from the concerned banks, we are unable to comment about the correctness of balances grouped under balance with banks to the extent of ₹ 3.79 lakhs.

Our opinion is not modified in respect of the above matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures thereto but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Group are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements of Indowind Power Private Limited & Ind Eco Ventures Limited (Subsidiaries) whose management certified financial statements reflects total assets of Rs. 9,145.91 Lakhs and total revenues of Rs. 1,167.07 Lakhs for the period ended 31st March 2024 as considered in consolidated financial statements. The consolidated financial statements also include the Group's share of net profit/(Loss) 188.52 Lakhs and total comprehensive income/(Loss) of Rs. (14.72) Lakhs, in the consolidated financial statements, in respect of Indowind Power Private Limited & Ind Eco Ventures Limited (Subsidiaries), whose

financial statements/financial information have not been audited by us and have been audited by their respective independent auditors. The independent auditors' reports on financial statements/Financial Results/financial information of these entities have been furnished to us and our opinion on the consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the reports of the other auditors.

Our opinion on the consolidated Financial Statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the Financial Statements/financial information certified by the Board of Directors.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Indowind Energy Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Indowind Energy Limited ("the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as the 'Group') as at and for the period ended 31 March 2024, we have audited the internal financial controls over financial reporting of the holding company and its subsidiary company which is company incorporated in India as at that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company which is company incorporated in India is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary which is incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company which is incorporated in India, in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary which is company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of other auditor's report referred to in the Other Matters paragraph below, the Holding Company and its subsidiary company which is company incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary which is company incorporated in India, is based solely on the corresponding reports of the auditors of such company incorporated in India. Our opinion is not modified in respect of the above matter.

Notes to Consolidated Financial Statements for the period ended March 31, 2024

Note 1: Corporate Information

The Company was incorporated on July 19, 1995 as a private limited company and was converted into a deemed public limited company effective September 30, 1997 and later in September 14, 2007 it listed its shares in BSE & NSE. The Registered office is situated at Kothari Buildings, 4th floor, Chennai, Tamil Nadu, India - 600 034. The Company is engaged in the business of generation and distribution of power through windmills.

Note 2: Basis of preparation of consolidated financial statements

A) Basis of preparation and presentation

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

B) Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period.

The estimates and assumptions used in these Ind AS consolidated financial statements are based on management's evaluation of the relevant facts and circumstances as of the date of the Ind AS consolidated financial statements. The actual amounts may differ from the estimates used in the preparation of the Ind AS consolidated financial statements and the difference between actual results and the estimates are recognised in the period in which the results are known/materialise.

C) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (up to two decimals).

Notes to Consolidated Financial Statements for the period ended March 31, 2024

D) Current and Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period,

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified 1 month as its operating cycle.

Note 3: Significant Accounting Policies

Inventories (Ind AS 2)

Inventories are carried at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs are determined on weighted average method. In respect of work in progress and finished goods, the applicable overheads are included in the valuation.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Cash flow Statement (Ind AS 7)

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

Provision for Current Tax and Deferred Tax (Ind AS 12)

Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where-appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Notes to Consolidated Financial Statements for the period ended March 31, 2024

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Property, Plant & Equipment (Ind AS 16)

Deemed cost option for first time adopter of Ind AS

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet at cost less accumulated depreciation. The Company has elected to consider the previous GAAP carrying amount of the Plant and Equipment as the deemed cost as at the date of transition, viz., 1 April 2016. However, in the case of Lands we have adopted Mark to Market Value.

Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Revenue expenses and revenue receipts incurred in connection with project implementation in so far as such expense relate to the period prior to the commencement of commercial production are treated as part of project cost and capitalised.

Component Cost

All material/ significant components have been identified for the plant and have been accounted separately. The useful life of such component is analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components is considered for calculation of depreciation.

Notes to Consolidated Financial Statements for the period ended March 31, 2024

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a **Straight -line method**. The depreciable amount for assets is the cost of an asset or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold. Additions to fixed assets, costing Rs. 5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Revenue Recognition (Ind AS 18)

Sale of Power

Sale of power is recognised at the point of generation of power from the plant and stock points. Wherever the company enters into power sharing agreement, income is recognised net of power share. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment.

Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Other Income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date. Income from sale of CER (Carbon Credits) is accounted for based on eligibility criteria.

Employee Benefits (Ind AS 19)

Short-term Employee Benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. *The entity is operating through Indowind Energy Gratuity Fund for all payments related to gratuity and the related trust accounts is yet to be maintained.*

Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund and superannuation fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Other long term employee benefits

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date. Liability for un-availed leave considered to be long-term is carried based on an actuarial valuation carried out at the end of each financial year.

Foreign Currency Transaction (Ind AS 21)

- a) Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.
- b) Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.
- c) Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Borrowing cost (Ind AS 23)

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

Earnings per Share (Ind AS 33)

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

Provisions, Contingent Liabilities and Contingent Assets (Ind AS 37)

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

Contingent Assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. Contingent assets are disclosed but not recognized in the consolidated financial statements.

Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimize the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Notes to Consolidated Financial Statements for the period ended March 31, 2024

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

There are no carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period.

Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

Notes to Consolidated Financial Statements for the period ended March 31, 2024

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25-basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

a) Trade Receivables

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and, based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank, guarantee/letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

b) Investments, Derivative Instruments, Cash and Cash Equivalents and Bank deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved Financial Institutions/Counterparty. Investments primarily include investment in units of quoted Mutual Funds, quoted Bonds, Non-Convertible Debentures issued by Government/Semi-Government Agencies/PSU Bonds/High Investment grade Corporates etc. These Counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in debt securities and mutual fund schemes of debt and arbitrage categories and restricts the exposure in equity markets.

Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the consortium agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods.
